

FREE Upgrade to Kofax VRS Elite for your Customers!

LIMITED TIME ONLY...ENDS Dec. 31, 2016!

Available only for Canon imageFORMULA DR-G1100 and DR-G1130 production document scanners.

If your customers purchase a Canon imageFORMULA DR-G1100 or DR-G1130 production document scanner by Dec. 31, 2016, they can upgrade their Kofax VRS Basic software to Kofax VRS Elite at no additional charge (a \$1,225 value for the upgrade FREE).

Here's how it works:

1. Email to VRSEliteUpgrade@cusa.canon.com the end user name, address, customer invoice, Canon scanner model name and the serial number of the scanner unit.
2. Canon will mail you back a license key to be specifically used for that scanner unit as well as the instructions to perform the upgrade.

If they upgrade to Kofax VRS Elite, they can:

- Reduce time involved in manual document preparation
- Enhance quality of scanned images
- Drastically improve manual scanning productivity and efficiency of document capture processes
- Automatically examine documents and apply correct settings to deliver high-quality scanned images

Help spread the word and get your customers to take advantage of this limited time offer!
