

# MobileScan Pro<sup>®</sup> 500i

Wireless-ready portable document scanner

Ambir Model # **DS500-AS**

▶ The MobileScan Pro<sup>®</sup> 500i connects to your smart phone or tablet via Wi-Fi for instant, wireless transfer of your scans.

With a custom app built for iOS or Android, the MobileScan Pro 500i puts your scanned files on all your devices, allowing you to edit, merge and share scans instantly.

A large, bright display allows you to preview and delete scans anywhere. The simple four-button interface gives you total control over settings like format, file size and color.

Two-sided scanning ensures you capture every important bit of information – in half the time. And the rechargeable battery makes the MobileScan Pro 500i truly portable.

## Features

**Wireless transfer** – Scan and send files anywhere. The MobileScan Pro 500i scans completely free of cords and uses Wi-Fi for seamless file transfer to your laptop, smart phone or tablet.

**iOS & Android App** – AmbirScan Mobile is made specifically for your iOS or Android device. Use it for wireless file transfer, image editing, PDF merging and document sharing from anywhere.

**TWAIN driver included** – The included, industry-standard TWAIN driver is compatible with thousands of document management software applications, along with a wide array of hardware systems.

**Included SD storage** – The MobileScan Pro 500i includes a 4GB SD card. Use it for mobile image storage now, and pop it into your computer or SD-ready tablet for file transfer later.

**Rechargeable battery** – Charge the MobileScan Pro 500i on either USB or AC power and get up to 200 scans before plugging in again.

**LCD screen** – The crisp, clear screen allows you to preview your scans instantly and gives you total control over settings like resolution, file format and scan size.
